2. Temporary License: Applicants who have completed to the satisfaction of the Board all requirements for licensure with exception of passage of the oral examination, may upon application for licensure, request a temporary license valid until the next administration of the oral examination. Applicants who have failed the oral examination or had their licenses suspended or revoked by the Board are not eligible for temporary licensure.
3. Temporary Practice: The Board recognizes that psychologists duly licensed in other jurisdictions may practice psychology on a temporary basis in the state of Mississippi. Such practice must be limited in scope and duration, not exceeding ten (10) days during a consecutive twelve (12) month period. The psychologist shall report the nature of such practice to the Board prior to providing such service and shall make available to the Board a current copy of his/her license or verification of a valid license in said jurisdiction. This provision does not apply to a psychologist who has been denied licensure in Mississippi, is a legal resident of Mississippi, or intends to practice full time or a major portion of their time in Mississippi.

**SECTION 4.5: ACCEPTANCE OF APPLICATIONS.** If the Board determines that the applicant is eligible for continuance of the application process, the applicant will be notified within 30 days by the Credentialing Coordinator. Such notification shall extend the Board's invitation to the applicant to sit for the written examination. Such

notification shall be by ordinary first class mail. An applicant not meeting the requirements for licensure, shall have a period of 30 days following notification of such in order to file with the Board a written request for reconsideration. Such written request shall include the specific reasons reconsideration is requested.

**SECTION 4.6: WRITTEN EXAMINATION.** The Board will use the Examination for Professional Practice of Psychology (EPPP) published by the Association of State and Provincial Psychology Boards (ASPPB), or its successor. A Mississippi applicant may take the EPPP in another state and request that ASPPB, or its successor forward scores to the Mississippi Board. The applicant will bear the cost of the examination, and any other charges or costs incurred by the Board in administering the examination. The fee must be paid to the Board, in U.S. funds, prior to sitting for the examination.

**SECTION 4.7: SCORES ON THE EPPP.** The EPPP will be scored by the Professional Examination Service (PES) or its successors, and the scores for Mississippi applicants reported to the Board. Applicants will be required to attain the ASPPB-recommended passing score (National Scaled Score) of 500 which is approximately 70% correct.

**SECTION 4.8: ROUNDING OF PASSING SCORES.** Deleted

**SECTION 4.9: NOTIFICATION OF TEST SCORES.** The Credentialing Coordinator will be responsible for notifying the applicant of the results of the EPPP. Such notification will take place within ten working days of the Board's receipt of the scores from PES. Notification will be by ordinary first class mail.

**SECTION 4.10: Deleted (January 1,2002).**

**SECTION 4.11: FAILING SCORES ON THE EPPP.** Any applicant who scores below the passing score derived from Section 4.7 will be notified by the Credentialing Coordinator within ten days of the receipt of the test scores from PES. **SECTION 4.15: FAILURE TO REPORT PRIOR EPPP SCORES.** Applicants

having ever taken the EPPP anywhere else, and not reporting their scores to this Board when they make application, will be said to have falsified their application as set forth in Section 73 21 (paragraph 5) of the Code of 1972. The Board will consider as a failure any occasion on which an applicant took the EPPP (subsequent to the award of the doctoral degree) and did not receive a score meeting the requirements of Section 4.7.

**SECTION 4.16: REPEATED FAILURES ON THE EPPP.** Applicants who have failed the EPPP according to the requirements of Section 4.7 are encouraged to pursue an intensive preparation program prior to re-taking the EPPP. Applicants who have failed two (2) successive examinations of the EPPP will have their application files retired. An individual may not reapply for licensure until after two (2) years from the date of the last failed examination. A new application process will be required using the rules of the Board in effect at the time of initiating the new application process (see Section 4.24).

**SECTION 4.17: EPPP FAILED THREE TIMES.** Should an applicant fail the EPPP a third time, an additional two year wait is required. A new application may then be filed, but will be subject to the board rules in effect at the time of the new application.

**SECTION 4.18: ORAL EXAMINATION.** The Credentialing Coordinator will locate experienced psychologists to sit on oral examination committees. Each committee will consist of three experienced psychologists, at least one of whom shall be a Board member. A Board member will chair the examination committee, and will be responsible for the proper conduct of the questioning and completion of the examination forms. Each non Board member examiner will be reimbursed a total of \$100.00 plus travel expenses incurred. Examinations will be recorded on audio tape.

**SECTION 4.19: CONDUCT OF ORAL EXAMINATION.** Oral examinations will be conducted no less than two times per year. After passing the written exam and completing the postdoctoral supervision requirement, applicants will be approved to take the oral examination on the date set by the Board. The applicant will be responsible for being on time for the examination. Late appearance may have the effect of canceling the examination for the applicant for that day.

- a. The oral examination will last approximately 45 minutes to 1 hour.
- b. The applicants will be asked to respond to questions on professional practice, ethical issues, and Mississippi Statutes Applicable to the Licensing of Psychologists and of the Mississippi Board of Psychology.
- c. The examination committee may ask other questions considered relevant to determine the applicant's suitability and competence to practice psychology. In determining this suitability and competence Board members may consider any other characteristics of the applicant that could affect his or

her ability to satisfactorily practice psychology.

- d. Each committee member will assess the applicant's suitability and competence to practice psychology and provide their findings to the Committee chair who will report the findings to the Board at its next meeting. The Board will then vote as a whole as to whether the applicant has passed or failed the oral exam.
- e. The relationship of the examination committee and the applicant is a confidential one, and is treated the same as the restrictions set forth in Section 3.4 of these Rules and Regulations.
- f. A fee determined by the Board will be charged each applicant to cover the costs administering the oral examination.

**SECTION 4.20: NOTIFICATION OF THE RESULT OF THE ORAL EXAMINATION.** In the event the Board ratifies passing the applicant's oral examination, the Executive Secretary shall issue a permanent license to practice psychology in the State of Mississippi. The ratification shall be entered in the minutes of that meeting.

**SECTION 4.21: FAILURE OF ORAL EXAMINATION.** In the event the Board decides to fail the applicant's oral examination, the Credentialing Coordinator shall inform the applicant by ordinary first class mail within ten working days and advise the applicant of the approximate date of the next oral examination. Except as noted in Section 4.22 below, the applicant may request to retake the oral examination at the next administration.

**SECTION 4.22: REPEATED FAILURES ON THE ORAL EXAMINATION.** If an applicant fails the oral examination a second time, a two year wait will be required before sitting for the orals a third time. The Board will try to assist the applicant in devising a program of study and supervision which will remediate the reason for the failure. Applicants who fail the oral examination a third time will not be licensed.

**SECTION 4.23: LENGTH OF TIME A LICENSE APPLICATION WILL BE CARRIED.** Any applicant who is approved to take the EPPP, but waits more than one year before taking the EPPP, will be retired from the active files. Similarly, the eligible applicant waits more than one year before attempting to reschedule a failed oral examination will be retired from the active files. If the applicant thus retired wishes to activate the application, an entirely new application will be required, including payment of application fees. The new application will be based on the statutes and board rules in effect at the time of the new application. The Board may, in exceptional circumstances (such as illness or pregnancy), exempt an applicant from the above rule, by a majority

vote of the Board.

**SECTION 4.24: OTHER REASONS FOR TERMINATING APPLICATION.** An applicant who engages in any act which would result in censure or revocation of an active licensure will be terminated from further consideration for a license in this State. The applicant will be notified by certified mail of the Board action in such a case, and will be given the opportunity for a hearing before the Board should the applicant wish to request reconsideration by the Board. This provision will also be applied for applicants who fail the oral examination on three (3) administrations.

After four (4) failures on the EPPP, as defined in Section 4.7 and 4.16, the applicant will be deemed ineligible for licensure on the basis of the applicant's current program on which the application was based.

**SECTION 4.25: Deleted.**

**SECTION 4.26: Deleted.**

**SECTION 4.27: PERMANENT LICENSURE.** After all the licensing procedures have been completed on any application, and the applicant has been found to possess the qualifications necessary to be licensed as a psychologist under the laws of Mississippi, the Executive Secretary shall issue a license under the sign and seal of the Board within 10 working days of the completion of all the requirements.

**SECTION 4.28: SPECIALTY RECOGNITION.** The Board does not accord formal recognition of specialty to psychologists but does expect the psychologist to practice only in areas in which the psychologist is deemed competent by virtue of his/her education and training. The Board also expects the psychologist to use in any public statement only those titles to which the psychologist is entitled in accordance with the Ethical Code of Psychologists of the American Psychological Association.

**SECTION 4.29: PROVISION FOR LICENSURE OF SENIOR PSYCHOLOGIST.**

In accordance with Section 73-15, the Board may vote to license an applicant who

- (a) has at least twenty (20) years of licensure to practice in another state, territorial possession of the United States, District of Columbia, or Commonwealth of Puerto Rico or Canadian Province when that license was based on a doctoral degree; and
- (b) has had no disciplinary sanction during the entire period of licensure; and
- (c) has demonstrated current qualifications by successfully passing the oral examination; and
- (d) has completed the appropriate application and tendered fees as required by this

Board.

## **ARTICLE V EDUCATIONAL REQUIREMENTS FOR LICENSURE**

**SECTION 5.1: EDUCATIONAL REQUIREMENTS.** For the purposes of evaluation of educational programs under the provisions of Section 73-31-13 of the Mississippi Code of 1972, the Board will utilize the following criteria to determine if a program is a psychology program: either (a) the program is accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA), or (b) the program is a new program in its first five years meeting the following requirements:

When a new specialty of professional psychology is recognized as being within the accreditation scope of the APA, doctoral programs within that specialty will be afforded a transition period of five (5) years from their first graduate to the time of their accreditation. During that transition period, graduates of such programs may be eligible for approval provided that the program is designated as a psychology program by the Designation Committee of the National Register of Health Service Providers and the Association of State and Provincial Psychology Boards. The same principle applies as well to the new doctoral programs of specialties previously recognized within the scope of APA accreditation. For applicants trained in non-APA or CPA accredited programs and in institutions outside the United States or Canada, the following requirements must be met:

- a. Doctoral training in professional psychology offered in an institution of higher learning that is accredited by a body which is deemed by the ASPPB/National Register Joint Designation Committee to be performing a function equivalent to U.S. regional accrediting bodies.
- b. The program wherever it may be administratively housed must be clearly identified and labeled as a psychology program. Such a program must specify in pertinent institutional catalogues and brochures its intent to educate and train professional psychologists.
- c. The psychology program must stand as a recognizable, coherent organizational entity within the institution.
- d. There must be a clear authority and primary responsibility for the core and specialty areas whether or not the program cuts across administrative lines.
- e. The program must be an integrated, organized sequence of study.
- f. There must be an identifiable psychology faculty on site sufficient in size and breadth to carry out its responsibilities and a psychologist responsible for the program.

- g. The program must have an identifiable body of students who are matriculated in that program for a degree.
- h. The program must include supervised practicum, internship, field or laboratory training appropriate to the practice of psychology.
- i. The curriculum shall encompass a minimum of three academic years of full time graduate study including the requirement of a minimum of one year's residency at the educational institution granting the doctoral degree. In addition to instruction in scientific and professional ethics and standards, research design and methodology, statistics and psychometrics, the core program shall require each student to demonstrate competence in each of the following substantive content areas. This typically will be met by including a minimum of three or more graduate semester hours (5 or more graduate quarter hours) in each of these 4 substantive content areas:
  - 1. Biological bases of behavior: Physiological psychology, comparative psychology, neuropsychology, sensation and perception, psychopharmacology.
  - 2. Cognitive affective bases of behavior: Learning, thinking, motivation, emotion.
  - 3. Social bases of behavior: Social psychology, group processes, organizational and systems theory.
  - 4. Individual differences: Personality theory, human development, abnormal psychology.

In addition, all professional education programs in psychology will include course requirements in specialty areas. The burden of proof for a program's compliance with the above requirements is upon the applicant.

**SECTION 5.2: Deleted.**

**SECTION 5.3: Deleted.**

**SECTION 5.4: INTERNSHIP.** The internship shall be appropriate to the applicant's graduate training specialization. A minimum of one year of full-time, or two years of half-time predoctoral experience is required. This year of internship shall be in a setting or settings that, in the aggregate, provide both a broad spectrum of psychological services, and serve a varied clientele. Such a setting should provide experiences that include a variety of diagnostic categories and intervention orientations, supervision by licensed staff psychologists, and opportunity for consultation and program development. The training program shall provide experiences in serving consumers representing both

sexes, and varying ages and cultural backgrounds. Full time interns shall receive a minimum of four hours of supervision per week, at least two hours of which will include individual supervision. Other individual or group supervision will be provided when necessary as determined by the professional psychologist who is providing the supervision.

#### **SECTION 5.5: STANDARDS FOR DEFINING THE INTERNSHIP EXPERIENCE.**

- a. The internship must be accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA).
- b. Newly emerging internships which provide documentation that they are working toward APA or CPA accreditation and are members of the Association of Psychology Postdoctoral and Internship Centers (APPIC), or programs in Industrial/Organizations Psychology where neither APA or CPA accreditation or APPIC listing exists, may be deemed appropriate internship programs by the Board if:
  1. The internship is in compliance with the current “Guidelines and Principles for Accreditation of Programs in Professional Psychology” published by APA, and
  2. The internship was an organized training program with an appropriate curriculum and model of training that was cumulative, graded in complexity, and structured to prepare its students for the practice of professional psychology. In addition to psychological practice and case work, the program shall have provided substantive exposure to professional ethics, issues and experiences which were designed to socialize the intern as a psychologist. (This criterion will be judged on evidence such as public statements, intern handbooks, bulletins, and other published descriptive materials).
  3. Regardless of the training model, the program shall have included experiences, which helped interns develop intermediate and advanced skills and knowledge in their area(s) of projected practice
  4. Clinical, Counseling and School Psychologists shall have developed advanced skill and knowledge in the following areas:
    - Theories and methods of assessment and diagnosis and effective intervention;
    - Theories and/or methods of consultation, evaluation, and supervision;

-Strategies of scholarly inquiry; and

-Issues of cultural and individual diversity that are relevant to all of the above.

5. Industrial/Organizational interns must have developed intermediate and advanced skills and knowledge in a range of personnel and organization work which included, but was not necessarily limited to selection, placement, career development, training, performance appraisal, job satisfaction, morale, compensation, position and task analysis, and organizational behaviors.
  6. the internship included 2000 hours of supervised experience with a minimum of two hours per week of individual one-to-one supervision from a licensed, certified, or chartered psychologist in a pattern, which involved at least one-half time participation and did not extend over a period of time in excess of two calendar years.
  7. The program operated under the direction of a licensed psychologist and included a number of supervising psychologists which was sufficient to meet the objectives of the program. As a minimum, the program should have two licensed psychologists as members of the supervising staff. While programs typically have two or more supervising psychologists on staff, this requirement may be met through supervision from a consulting psychologist, providing this supervision was an integral and planned part of the program and not more than 75% of the supervision was provided by any one psychologist.
  8. In the case of a consortium, there is in place a formal agreement that stipulates the respective roles of all participating agencies
- .
- c. An internship will not be acceptable if the relationship between intern and supervisors in any way involves dual relationships.
  - d. The trainee must be officially classified as an “Intern” or “Resident” within the job classification system of the agency or organization
  - .
  - e. The internship agency must have had a minimum of two interns at the internship level during the applicant’s training period.

#### **SECTION 5.6: STANDARDS FOR DEFINING THE YEAR OF POST-DOCTORAL EXPERIENCE.**

- a. The post-doctoral year (second year of supervised experience) is appropriate to the Applicant's graduate training specialization.. A plan of supervision for the post-doctoral year must be submitted to the Board and must address the issues below.
  1. The postdoctoral year consists of a minimum of 2000 hours of supervised experience and must be completed within a two-year period.
  2. The ratio of supervision time to direct service time should be sufficient to ensure adequate learning; namely, at least two hours per week of formal, face to face individual supervision.
  3. Supervision consists of direct, formal contact with a senior professional who is responsible for the educational development and guidance of the trainee or supervisee. Classwork, practicum experience or other course related experience may not be counted as part of the required supervision.
  4. Supervision must be for the direct provision of psychological services by the applicant to individuals or groups of clients/patients. An applicant's own personal growth experience, personal therapy or encounter groups, may not be counted as part of the required supervision experience. The supervision of others may not be counted as part of the required supervision experience.
- b. Supervisors must meet the following criteria:
  1. The supervisor must be employed for no less than twelve (12) hours per week at the facility where the postdoctoral experience is obtained; or, if this is not possible due to practical considerations, must provide evidence of a contractual relationship with the facility. In either event, the supervisor must be available for supervision and consultation at any time during the supervisee's workweek.
  2. Supervisors must be licensed for practice of psychology in the jurisdiction where the supervision is provided. Supervision provided at a military installation by psychologists licensed in any U.S. jurisdiction meets this requirement.
  3. The professional qualifications of each direct supervisor must be appropriate to the services rendered. The supervisor's qualifications must be documented through submission of a current curriculum vita or other appropriate evidence of meeting the qualifications.
  4. The supervisor, at the time of supervision, must not be in a dual

relationship with the supervisee; e.g., be a spouse, other close relative, therapist, or employee.

5. The supervisor must have sufficient knowledge of all clients for whom supervision is provided, including face-to-face contact with the client when necessary, to effectively develop and monitor service delivery procedures and the supervisee's treatment plan. Further, instructions must be sufficient to insure that all decisions requiring the special skill, knowledge, and/or training of a licensed psychologist are made in collaboration with, and approval of, the supervisor. Such decisions include, but are not limited to: type, duration, effectiveness, and method of psychological services provided; fees and billing procedures; approval of cases; and personal observation, evaluation, oversight, review, and correction of services provided by the supervisee.

**SECTION 5.7: ACCOUNTABILITY IN SUPERVISION.** It is the supervisor who retains final professional responsibility and accountability for the functions performed by interns and supervisees. For supervised practicum, internship, and postdoctoral supervised experience the supervisor is responsible for reviewing test protocols, and for reviewing and discussing intervention plans, strategies, and outcomes.

**SECTION 5.8: BURDEN OF PROOF OF TRAINING.** It is the responsibility of the applicant to provide evidence as prescribed by the Board that the education, training, and/or experience described as requirements in Article V of these Rules and Regulations is equal to or exceeds these requirements.

**SECTION 5.9: DIPLOMATES.** Possession of the diploma(s) of the American Board of Professional Psychology (ABPP) shall be considered prima facie evidence that the above requirements have been met, and no further proof of internship or core content areas is necessary.

**SECTION 5.10: SPECIALTY DESIGNATION IN PUBLIC STATEMENTS.** An applicant for licensing who will present to the public in an area of specialization will have completed a program which is APA approved, clearly designated as a program in that area in their academic announcements, and/or have passed specialty board examinations with the American Board of Professional Psychology program so identified.

**SECTION 5.11: CHANGE OF SPECIALTY DESIGNATION.** A licensed psychologist who desires to change designated specialty area in advertising to the public must follow the following guidelines:

- a. The psychologist must take a retraining program in a psychology training program under the auspices of an accredited university department or the professional school that offers the doctoral degree in that specialty designation.

- b. The psychologist taking such retraining must meet all requirements of doctoral training including an internship, which complies with these rules, in the new psychological specialty. The acceptance of credit for relevant course work or requirements which may have been satisfied previously will be the responsibility of the university or professional school which the individual attends for retraining.
- c. Merely taking an internship or acquiring experience in a practicum setting is not considered adequate preparation for becoming a clinical, counseling, industrial/organizational, or school psychologist when prior academic training in the relevant area has not been sufficient to meet doctoral requirements.
- d. The Board recognizes that a psychologist may wish to cross train or acquire additional skills. Such cross training shall not be a basis for a change of specialty designation without the express approval and recommendation of a qualified retraining program which meets the criteria of Section 73-31-13 of the Mississippi Code of 1972 and Article V of these Rules and Regulations.
- e. Upon fulfillment of all formal requirements of such training, the Board must be provided with a letter or other documentation from an authorized official of the retraining university or professional school and internship program indicating the successful completion of retraining in the particular specialty area.  
Completion of specialty examination by the American Board of Professional Psychology (ABPP) shall satisfy requirements for listing oneself as changing a specialty.
- f. Completion of specialty examination by the American Board of Professional Psychology (ABPP) shall satisfy requirements for listing oneself as changing a specialty.

**SECTION 5.12: Deleted.**

**ARTICLE VI ACTION ON COMPLAINTS**

**SECTION 6.1: COMPLAINTS.** If any person shall have cause to complain about any matter, person, or thing which shall come under the jurisdiction of this Board, that person shall be invited to appear in person, or to place the complaint in writing.

**SECTION 6.2: COMPLAINANT'S RESPONSIBILITY.** Any person who wishes to lodge a complaint under Article VI must do so in writing under oath, either by notarization or by being duly sworn by the Secretary of the Board. The Board will take no action on verbal or unsworn complaints.  
The Board, on its own motion, may investigate or cause to be investigated, any allegation or evidence which appears to show that a licensed psychologist or an unlicensed person

is, or may be, in violation of Mississippi Statutes governing the licensure and practice of psychology or these Rules and Regulations.

**SECTION 6.3: DUE PROCESS.** Any complainant may be required to give testimony regarding the complaint in the presence of the complainant, and may be required to submit to cross examination by the complainant or complainant's attorney.

**SECTION 6.4: ADVERSE ACTION.** No adverse action shall be taken against any person licensed by this Board without notice and hearing as provided in Section 73 21, Mississippi Code of 1972 amended. If any board action shall be adverse to any psychologist or applicant for licensure, the vote will be by at least four of the seven members of the Board, and the secretary will record the names of those voting and their votes in the minutes of the meeting at which the action took place.

**SECTION 6.5: DECOROUS CONDUCT.** All parties to a meeting of this Board, including invited guests and members of the public, will conduct themselves in a seeming and decorous fashion. Any person unwilling to abide by ordinary standards of good conduct will be requested to leave the meeting. Any such person who refuses a legitimate request to leave a meeting may be removed by duly appointed officers of the law, at the discretion of the presiding officer.

## **ARTICLE VII CIVIL COMMITMENT CERTIFICATION**

**SECTION 7.1: CIVIL COMMITMENT CERTIFICATION.** The Board is empowered to recognize and certify those psychologists who are qualified to perform civil commitment evaluations for the chancery court, under the provisions of Section 41 61 of the Mississippi Code.

### **SECTION 7.2: CRITERIA OF ELIGIBILITY**

In order to be certified, the applicant must satisfy the following criteria:

- a. The psychologist must possess a permanent license to practice psychology in Mississippi and have met educational program and internship requirements in a clinical practice area appropriate to certification to perform civil commitment examinations, or present to the Board documentation sufficient to establish that the psychologist possesses qualifications and experience to perform civil commitment evaluations.
- b. The Board must be satisfied that the psychologist possesses appropriate skill in making a proper diagnosis of the presence or absence of mental illness.
- c. The Board must be satisfied with the applicant's competence in understanding the civil commitment law, and the ethical implications of involuntary civil commitment.
- d. The requirement set forth in (c), above, will be accomplished by means of a written examination, and a written performance sample examination.

**SECTION 7.3: CIVIL COMMITMENT CERTIFICATION EXAMINATION.**

Upon receipt of a request of a licensed psychologist who appears to meet the criteria set forth in Section 7.2(a), approval by the Board, and payment of the examination fee set by the Board, the Credentialing Coordinator will schedule the applicant for the next administration of the certification examination. Such examination shall be scheduled annually or more frequently if the number of applicants warrants.

**SECTION 7.4: QUESTIONABLE CREDENTIALS.** If the applicant is found ineligible for certification, the applicant will be so notified by the Executive Secretary. Such notification will take place within thirty (30) days of the day the Board made the decision, and will be by certified mail. An applicant so notified shall have a period of thirty (30) days following notification in order to file with the Board a written request for reconsideration. Such written request shall include the specific reasons for which reconsideration is requested.

**SECTION 7.5: EVALUATION OF EXAMINATIONS.** The Credentialing Coordinator or other psychologist designated by the Board will score the written examination. In order to pass, the applicant must attain at least 75% correct. The examiner will also score the performance sample examination on a pass or fail basis. A second reviewer, appointed by the Credentialing Coordinator (or other designated psychologist from the Board) will also score the written performance sample examination. To pass the examination, the applicant must receive a passing score from both reviewers. Should the two (2) reviewers not agree, the Credentialing Coordinator will appoint a third reviewer. The majority opinion of three (3) reviewers will determine the outcome of the examination. The Credentialing Coordinator will report the outcome of the examination to the Executive Secretary within thirty (30) days following examination, and the results will be ratified by the Board.

**SECTION 7.6: NOTIFICATION TO APPLICANT.** Within fourteen (14) days following notification of examination results from the Credentialing Coordinator, the Executive Secretary shall notify all applicants of the outcome of their examination. The Executive Secretary shall issue a certificate to applicants passing both sections of the examination. An applicant who fails one or both sections of the examination will be notified of the failure and that they may retake the failed section(s) at the next administration of the certification examination. The Executive Secretary shall report the outcome of each applicant's examination at the next meeting of the Board and these results shall become a part of the official minutes of that meeting.

**SECTION 7.7: REPEATED FAILURES.** If the applicant fails the civil commitment examination two times, reexamination will be deferred for two years. If the failed applicant wishes to take the exam a third time, they must first obtain relevant supervision and training and provide the Board with documentation of such training. After three

failures, the applicant will be excluded from further consideration.

## **ARTICLE VIII RECIPROCITY LICENSING**

### **SECTION 8.1: APPLICANTS LICENSED IN OTHER JURISDICTIONS.**

Applicants holding a current ASPPB Certificate of Professional Qualification (CPQ) and who are currently licensed in another jurisdiction will complete the application and examination process as described in Article IV, and must meet all educational requirements as described in Article V. The applicant will not, however, be required to retake the EPPP if verification of current licensure and EPPP scores are received from the Board of the jurisdiction in which the applicant is currently licensed, provided that the applicant's EPPP scores meet the criteria set forth in Section 4.7.

Applicants who have been actively licensed at the doctoral level for independent practice and have been practicing continuously for the past five (5) years in a jurisdiction that is currently a party to the ASPPB Reciprocity Agreement, and have no outstanding complaints or charges pending against them, and have not been subject to disciplinary action or felony conviction in any state, territory, Canadian province, or other jurisdiction may be eligible for licensure under the terms of the ASPPB reciprocity agreement as long as the State of Mississippi is a signatory to this agreement. Applicants who meet the terms and conditions as specified in the ASPPB Reciprocity Agreement are exempt from the EPPP requirements described in Article IV, the educational requirements described in Article V, and the professional practice and ethics sections of the oral exam as described in Article IV Section 4.19. However, such applicants must still pass the Mississippi Statutes section of the oral exam as described in Article IV Sections 4.19-4.22. During this exam the Board may also review and verify the applicant's character, current fitness and plans to practice consistent with their education, training and experience. As a condition of licensure under this paragraph applicants must agree to terms and conditions set forth in ASPPB Reciprocity Agreement Licensee Application.

**SECTION 8.2: LICENSURE OF DIPLOMATES.** The Board, by a majority vote, may issue a license to an applicant who;

- (a) is a diplomate of the American Board of Professional Psychology (ABPP) provided, however, that the applicant is currently licensed in another jurisdiction; and
- (b) has had no disciplinary sanction during the entire period of licensure; and
- (c) has passed the oral examination; and
- (d) has completed the appropriate application and tendered fees as required by this Board.

### **SECTION 8.3: ORAL EXAMINATION OF APPLICANTS LICENSED IN OTHER JURISDICTIONS.**

All applicants for licensure are required to take and pass the oral examination, as described in Section 4.19, except as exempted in Section 8.1, above.

## **ARTICLE IX AMENDMENT PROCEDURE**

**SECTION 9.1: AMENDMENTS TO THE RULES.** The Board may, on its own motion, and passed by a majority of the members of the Board when a quorum is present, amend any rule or regulation of the Board. Such an amendment will take effect upon compliance with the Administrative Procedures Act of the State of Mississippi.

**SECTION 9.2: OBJECTIONS TO AMENDMENTS.** If any Board member notifies the Secretary of the Board by registered letter, or if any licensed psychologist or single member of the public similarly notify the Secretary of any objection to a rule change or amendment, that change will not take effect until a formal hearing before the public takes place at the next meeting of the Board.

**SECTION 9.3: RULE CHANGES AFTER FORMAL HEARINGS.** If, after the formal hearing has been held according to the rules of administrative law of the State of Mississippi, the Board votes to enact any rule change, the change will take effect at that time and hour.

## **ARTICLE X SEPARABILITY CLAUSE**

**SECTION 10.1: SEPARABILITY CLAUSE.** If any section of these Rules and Regulations, or any part thereof, shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of any section or part thereof.

## **ARTICLE XI LICENSE RENEWAL**

**SECTION 11.1: ANNUAL LICENSURE RENEWAL.** The Executive Secretary shall cause the notices for renewal of licensure to be sent out to each licensed psychologist annually during the month of April. Each licensed psychologist shall return the renewal form and renewal fee promptly. A license will lapse if the renewal fee is not paid by July 1. A licensee granted a license during any fiscal year shall be required to renew his/her license for the succeeding year in accordance with this paragraph.

**SECTION 11.2: Deleted**

**SECTION 11.3: RENEWAL OF LAPSED LICENSES.** Psychologists who allow

their license to lapse by not paying the annual renewal fee or who voluntarily surrendering their license while in good standing retain the privilege of renewal. In such cases, the license may be reinstated provided that:

- a. a written request for reinstatement occurs within two years from the last renewal date in which the individual was fully licensed,
- b. all fees for the period are paid in full,
- c. all continuing education requirements have been fulfilled, and
- d. there is no evidence that the psychologist has engaged in actions that are in violation of legal statutes or the Ethical Principles of Psychologists during the period of lapsed license.

A psychologist wishing to renew a license which has lapsed for more than two (2) years shall be required to reapply for licensure.

**SECTION 11.4: FEES SET BY THE BOARD.** The Board will, at a meeting prior to the commencement of each fiscal year, set fees for applications, examinations, and renewal of licenses within the limits set by the legislature. The list of fees will be available from the Board upon request.

## **ARTICLE XII: EXEMPTED PROFESSIONS.**

**SECTION 12.1: QUALIFIED PROFESSIONAL GROUPS AND INDIVIDUALS EXEMPTED FROM JURISDICTION OF THIS BOARD.** Section 73-31-27 of the Mississippi Code of 1972 as amended and annotated partially exempts qualified members of other professional groups who perform work of a psychological nature.

### **SECTION 12.2: DELETED.**

**SECTION 12.3: PSYCHOLOGIST'S ASSISTANTS.** Nothing in these rules shall be construed or interpreted in such a way as to limit a qualified assistant to a psychologist in performing duties assigned by said psychologist; except that, no supervised assistant shall perform duties under such supervision that the psychologist is not qualified to perform.

## **ARTICLE XIII CONTINUING EDUCATION**

**SECTION 13.1: CONTINUING EDUCATION.** Section 73 9 of the Mississippi Code of 1972 established that license renewal in odd numbered years requires the psychologist to show evidence of a minimum of twenty (20) clock hours of continuing education activities approved by the Board during the two year period of time ending on June 30 of the odd numbered year. The Board shall follow the guidelines below in supervising this requirement of psychologists.

## **SECTION 13.2: MINIMUM CONTINUING EDUCATION REQUIREMENT.**

- a. Psychologists shall document successful completion of twenty (20) clock hours of acceptable continuing education during each biennial period. Continuing education activity is reportable only in clock hours

A minimum of two (2) of these twenty (20) clock hours of continuing education must involve topics in professional ethics or legal issues in the delivery of psychological services.

**SECTION 13.3: CRITERIA OF ACCEPTABILITY.** Continuing Education encompasses a wide range of training designed to provide or update knowledge and skills above the doctoral level. Acceptable continuing education activities are defined as: (a) formally organized and planned instructional experiences offered by an American Psychological Association (APA) approved or Board approved provider, with objectives compatible with the professional continuing education needs of practicing psychologist; or (b) for registered attendance at psychological or inter-professional conferences or conventions as described in 13.3(b).

- a. The Board establishes no limit on the number of clock hours that may be applied toward satisfying the continuing education requirement during a biennium for activities offered by APA approved sponsors or Board approved providers. These APA credit hours may include home study and self programming activities.
- b. The Board will accept a maximum of twelve (12) clock hours toward satisfying the continuing education requirement during a biennium for registered attendance at psychological or inter-professional conferences or conventions, directly related to the practice of psychology, lasting for one full day or longer. Registered attendance at each such conference or conventions shall carry three clock hours of continuing education credit. Such credit shall not duplicate hours earned under Subparagraph (a) above.

**SECTION 13.4: CRITERIA FOR BOARD APPROVED CE PROVIDERS.** The Mississippi Psychological Association, internship and fellowship training programs with APA approval and graduate training departments of psychology with APA accredited training programs are eligible to apply for Board Approved CE Provider status. The application process, status determination and review procedures are stated in the Mississippi Board Psychology Continuing Education Handbook. All APA approved CE sponsors are considered Board Approved CE Providers. Approved providers must submit to the board a list of CE activities they have sponsored on a biennial basis.

## **SECTION 13.5: REPORT REQUIREMENTS.**

- a. Biennial Reporting Period. Licensees must report their continuing education

hours to the Board no later than July 1 of odd numbered years.

- b. **Report Format.** A section of the license renewal form, on the CE reporting biennium, shall provide an attestation of completion of the required type and number of hours of continuing education as described above.
- c. **Signature.** By signing the biennial attestation of continuing education, the licensee signifies that the required CE has been obtained.
- d. **Documentation.** Licensees shall retain corroborating documentation of their continuing education participation. Corroborative documents include certificates of completion which include a statement of APA- or Board-approved provider, receipt of registered attendance or roster of attendance at professional conferences, or other unequivocally clear evidence of the number of hours of CE and provider status. Although corroborating documentation is not routinely required as part of the licensee's submission, the Board may, at its discretion, request such documentation. In addition, the Board will perform a random audit of no less than 5% of the CE submissions. Any misrepresentation of continuing education will be cause for disciplinary action by the Board.

### **SECTION 13.6: EXEMPTIONS.**

- a. Newly licensed psychologists are considered to have satisfied continuing education requirements for the remainder of the year in which their license is granted.
- b. If the subsequent year (July 1-June 31) is a CE reporting year, the newly licensed psychologist shall be required to submit only half the number of hours (10) specified in Section 13.2 a and b, above.  
Continuing education activities that are not provided by APA or Board approved providers will be accepted only if:
  - 1. a written request for approval is made prior to the scheduled program and
  - 1. the request is received in sufficient time for the Board to review the program for content and appropriateness.

CE activities which are not provided by APA or Board approved providers, regardless of their quality or appropriateness, will not be accepted after the fact and will not count toward the required 20 hours in the reporting period.

### **SECTION 13.7: NONCOMPLIANCE AND REINSTATEMENT.**

- a. **Noncompliance.** Noncompliance shall include, in part, failure to sign the attestation statement on the license renewal form, failure to file a report on time, failure to provide documentation requested for audit, and failure to report a sufficient number of acceptable continuing education clock hours as defined above.

- b. Consequences of Noncompliance. Failure to fulfill the requirements of the continuing education rule, may, at the discretion of the Board, result in disciplinary action.
- c. Notice of Noncompliance. The Board shall serve written notice of noncompliance on a psychologist determined to be in noncompliance. The notice will invite the psychologist to request a hearing with the Board or its representative to outline a plan of compliance or to show compliance. All hearings shall be scheduled within thirty (30) days of the date of notice of noncompliance or at the next regularly scheduled meeting of the Board.
